$$3 + 2 = 5$$

Addition joins two groups. Count the first group, count the second group, then count how many there are altogether.

$$3 + 2 = 5$$

TRY THE TRAIL

1

Count the first group.

2

Count the second group.

3

Count both groups together.

Notice this: The plus sign means the two groups are being joined.

CHECK YOUR TRAIL SENSE

Try this one without help.

$$1 + 4 = \underline{\quad}$$

One careful line at a time. Accuracy comes before speed.

For the grown-up: Touch every dot once while you count both groups together. Keep the answers on the separate key page.
